Notes:

- (*) The total accumulated transaction value in the day of implementation of the transfer group using MPIN, FaceID, Fingerprint, SMS OTP, Smart OTP on 01 payment account will be calculated as 0 immediately after that payment account has a transaction successfully authenticated by Facepay + SMS OTP/Facepay + Smart OTP. Accordingly, the maximum transaction limit/day of PTXT SMS OTP can be up to 50 million VND/day, the maximum transaction limit/day of Smart OTP is 50 billion VND/day.
- In case the Customer has logged in to VCB Digibank with FaceID or fingerprint, this transaction will not be applied when making transactions during that login session.
- For futures and periodical transfers:
- + All orders are required to authenticate with Facepay.

- + On the date of ordering: The transaction amount will not be included in Digibank's transfer limit/day and the limit of authentication method determination.
- + On the accounting date: The amount of successful transactions will be included in Digibank's transfer limit/day and the limit for determining the authentication method.
