(Updated 24/05/2024)

Note:

(*) Spending volume is the volume of using card to pay for goods and services at merchants (including POS and Ecom), excluding the volume of cash withdrawal, money transfer, payment at ATM... Spending volume of the primary card and supplementary card is calculated separately. Eligible card will enjoy the free offer separately. Free offer does not apply for magnetic card. In case the customer changes from a magnetic card to a chip card, the qualified spending volume includes the previous card volumes.
